

# Roscoe B. Jackson Memorial Laboratory

BAR HARBOR, MAINE

June 5, 1952

Dr. Joshua Lederberg  
Department of Genetics  
The University of Wisconsin  
College of Agriculture  
Madison 6, Wisconsin

Dear Doctor Lederberg:

It would be a great pleasure to have you and Mrs. Lederberg visit the Laboratory in August. Just as soon as you have definite plans as regards dates for your visit, please let me know, and I will try to obtain the sort of accommodations which you can indicate that you would like. There are a number of comfortable rooming houses, and a good opportunity to obtain meals outside of such quarters.

I am tending to the matter of reprints, and hope that you will send us yours.

Sincerely yours,

*C. Little*
